### **Attachment 1 Business Report**

# YungShin Global Holding Corporation 2024 Business Report

### I. Operating Directions

YungShin Group has focused on the upstream and downstream development of the pharmaceutical and health industry since its establishment. In pursuit of sustainable development and in the face of increasingly fierce global competition, the Group has been gradually expanding its global business since the 1980s and has established cross-border and cross-regional operational bases in Taiwan, the United States, Japan, and Southeast Asia, with the Group's business areas covering health care-related fields, including human drugs, health care products, animal drugs, feed additives, and APIs. From the research and development, production, and sales of APIs in the upstream of the industry to human drugs, animal drugs, feed additives, and health food products in the midstream, the Group's sustainable development goal is to ingrain and develop diversification of operations related to the health industry through the vertical integration of production and regional expansion strategies in the value chain of each company.

### II. 2024 Operational Highlights and Achievements

Due to the gradual lifting of COVID-19 restrictions in various countries and continued emphasis on environmental protection issues, there have been significant fluctuations in the supply and prices of raw materials throughout the year. The YungShin Group has continued to optimize its structure and enhance its competitiveness by quickly adapting to the rapidly changing market and adjusting strategies accordingly in the face of severe changes in the business environment. In recent years, we have actively advanced the optimization of the Group's assets. On the external front, we successfully divested the pharmaceutical manufacturing plant in China. Internally, we have been preparing to launch the animal pharmaceutical business in Taiwan, paving the way for its entry into the capital market. These efforts have significantly strengthened the Group's financial position and established a robust foundation for its future growth and development. Overall operating performance in 2024 maintained steady growth, with consolidated revenue reaching NT\$8,031,903 thousand, an increase of 14.29% from NT\$7,027,937 thousand in 2023; consolidated net income attributable to owners of the parent company amounted to NT\$1,168,508 thousand, and consolidated earnings per share after tax amounted to NT\$4.39 thousand, an increase of 41.16% from NT\$3.11 thousand in 2023.

#### III. 2025 Business Outlook

As the population aging in developed and developing countries continues to rise, the global pharmaceutical market value has been growing steadily. Also, as the governments in advanced and emerging countries are actively promoting generic drug substitution policies to control medical expenditures due to the pressure on government spending caused by aging populations, there has been a significant increase in the demand for generic drugs in areas such as chronic diseases, cancer treatment, and physical and mental dysfunction. YungShin Group has a long history of investing in the upstream, midstream, and downstream development, production, and sales of famous pharmaceuticals in one-stop shops. In addition to Taiwan, YungShin Group has manufacturing plants and direct sales teams in the U.S., Japan, Malaysia, Vietnam and Indonesia, with sales in more than 35 countries. Moreover, the Group continues to develop its business in the field of health care and is actively developing health care products and preventive medicine in the regional area to realize the concept of whole-person care. In addition, with the global emphasis on food safety, the safety and efficacy of economic animal care and feed additives are high-potential markets, and YungShin Group has established a complete industrial layout in the animal medicine industry. YungShin Group will continue to focus on entering and fully developing in the pharmaceutical and health-related industries and commit to optimizing the industry value chain to maximize the value of the industry by focusing on resource integration strategies and regional division of labor.

In response to the rapid changes and intensifying competition of the new era, the Group has experienced significant transformations across its internal and external environments, including advancements in clinical treatments, research and development technologies, production methodologies, and corporate management. While the Group has historically prioritized refining its research and development capabilities and production technologies, it has now embarked on a strategic path to expand its presence in the broader health-care industry. To meet the demands of this competitive landscape and ambitious growth, the foundation of our expansion lies in building a robust pool of high-caliber talent and implementing comprehensive training programs. We have initiated the recruitment of top talents across production, sales, R&D, and finance, alongside the launch of targeted training, rotation, and succession planning initiatives. These efforts aim to integrate cutting-edge concepts, tools, and management practices of the new generation. By leveraging our existing pharmaceutical products as a core pillar, we are strategically positioning ourselves to expand into the healthcare and biotechnology sectors, laying a solid groundwork for sustained growth and innovation.

In recent years, the Group has strategically streamlined its portfolio by divesting less efficient assets to enhance its cash ratio. These measures not only address the challenges posed by economic downturns but also help the Group to build a strong capital base for entering new industries. The Group has begun to promote its large-scale expansion strategy through inter-company consolidation and external mergers and acquisitions.

In the past few years, the Group has pruned or disposed of less effective assets to increase the Group's cash ratio and build up capital for entry into new industries and has now embarked on a significant expansion strategy of inter-company consolidation and external mergers and acquisitions.

The core strategies that YungShin Group will continue to advance in 2025 are outlined below:

- 1. Improve the efficiency of investment and development in industries related to pharmaceuticals and health care.
- 2. Enhance the integration of the YungShin Group active pharmaceutical ingredients and pharmaceutical formulations while strengthening their supply chain.
- 3. Establishment, training, and implementation of the new generation talent pool and successors.
- 4. Promote the activation of tangible and intangible assets of the Group.
- 5. Continue to promote ESG sustainable investment development.

In addition to its business operations, the YungShin Group also serves as a platform to fulfill its corporate social responsibility through the Yung Shin Social Welfare Foundation, the YungShin Lee TianTe Medical Foundation, the YungShin Elderly Nursing Home, and the YungShin National Volleyball Tournament, which convey the values of its internal and external shareholders and society.

The Corporation will share the results of its operations with all shareholders by balancing the sustainable development of the Group's businesses with a stable dividend policy.

### **Basis for Opinion**

We conducted our audit in accordance with the Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. The key audit matters to be communicated in the audit report are as follows:

Revenue Recognition

Please refer to Notes 4(15) and 5(22) for disclosures related to revenue recognition.

### Explanation of Key Audit Matters:

Revenue recognition is a key audit matter due to its significance as a primary indicator of the financial or business performance of the Group, which inherently carries a higher risk of material misstatement given the Group's status as a listed company. Hence, judgment regarding revenue recognition and the timing of control transfer is crucial to the financial statements and is considered a key audit matter.

### Audit procedures performed in response:

- Testing the effectiveness of internal controls related to revenue recognition design and execution.
- Conducting trend analysis on the top ten sales customers, comparing customer lists and sales
  revenue amounts for the year against prior year to assess any significant anomalies and investigate
  their causes.
- Sampling sales transactions throughout the year to assess the authenticity of sales transactions, the accuracy of revenue recognition amounts, and the reasonableness of the timing of recognition.
- Cut off test on sales transactions before and after the year-end to assess the appropriateness of revenue recognition timing.

#### **Other Matters**

YungShin Global Holding Corporation has prepared financial statements for the years 2024 and 2023, both financial year was audited by our CPAs by an unqualified opinion with an emphasis of matter paragraph, respectively, for reference.

Additionally, in certain subsidiaries included in the YungShin Group's consolidated financial statements, the financial statements of some subsidiaries have not been audited by the Company's auditor but by other auditors. Therefore, the amounts presented in the consolidated financial statements of the aforementioned companies in the consolidated financial statements audited by the Company's auditor are based on the audit reports of other auditors. The total assets of these subsidiaries as of December 31, 2024, and December 31, 2023, amounted to NT\$1,483,068 thousand and NT\$1,275,229 thousand, respectively, accounting for 10.75% and 11.08% of the total consolidated assets. The net sales revenue for the periods from January 1, 2024, to December 31, 2024, and January 1, 2023, to December 31, 2023, amounted to NT\$1,677,975 thousand and NT\$1,254,488 thousand, respectively, representing 20.89% and 17.85% of the total consolidated net sales revenue.

Some of the equity method investments of the Group are not audited by our CPAs but by other auditors. # Responsibilities of Management and Governing Bodies for the Consolidated Financial Statements

Management is responsible for the preparation and fair representation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for maintaining such internal procedures as it deems necessary for the preparation thereof, to ensure the consolidated financial statements are free of material misrepresentation, whether due to fraud or mistake.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The governing bodies of the Group, including the Audit Committee, are responsible for overseeing its financial reporting process.

### Auditors' Responsibilities for the Audit of the Individual Financial Statements

The objectives of our audit of the consolidated financial statements are to obtain reasonable assurance whether the consolidated financial statements as a whole are free of material misrepresentation, whether due to fraud or mistake, and to issue a report on our findings and opinions. Reasonable assurance denotes a high level of certainty but is not a guarantee that an audit conducted according to the Standards on Auditing of the Republic of China will always detect a material misstatements when it exists in the consolidated financial statements. Misstatements may arise from fraud or mistake. Which are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. We exercised professional judgment and maintained professional skepticism in conducting the audit pursuant to the Standards on Auditing of the Republic of China. In addition, we:

- 1. Identified and assessed potential material misrepresentations in the consolidated financial statements, whether due to fraud or mistake; planned and executed responsive procedures to the potential thus identified; and obtained valid and sufficient evidence to form the bases for our opinion. Because fraud involves conspiracy, forgery, intentional omissions, deceitful representation, and/or matters beyond internal control, the probability of failing to identify a material misrepresentation as a result of fraud is higher than that as a result of mistake.
- 2. Obtained an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Group.
- 3. Evaluated the adequacy of the accounting policies and the reasonableness of the accounting estimates and relevant disclosures made by management.

- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we believed such a material uncertainty existed, we were required in the auditors' report to draw the attention of the users of the consolidated financial statements to the relevant disclosures made therein, or, in the case that the disclosures were deemed inadequate, to amend our opinion. Our conclusions are based on evidence obtained in the course of the audit up to the date of this auditors' report. Future events or conditions might nevertheless affect the ability of the Group to continue as a going concern.
- Evaluated the overall presentation, structure and content of the consolidated financial statements, 5. including the notes, and whether the consolidated financial statements fairly represent the underlying transactions and matters.
- Expressed our opinion concerning the consolidated financial statements upon obtaining adequate and sufficient audit evidence on the financial status of the investees in investments accounted for using the equity method. We were responsible for the direction, supervision and execution of the audit activities and for deriving an opinion therefrom about the Group.

Matters we discussed with the governing bodies include planned scope and timing of the audit and important audit findings, including significant deficiencies in the internal procedures identified during the course of the audit.

We also provided the governing bodies with a statement that we the practitioners at KPMG who are subject to the standards of independence have complied with The Norm of Professional Ethics for Certified Public Accountants of the Republic of China regarding independence, and communicated to the governing bodies all the relationships and other matters that might be deemed to affect the independence of the auditors, including relevant safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current prior to the year 2024 and are therefore the key audit matters. We discuss these matters in the auditors' report unless disclosure of the matters is forbidden by law or regulations or when, in extremely rare circumstances, we determined that a matter should not be discussed in our auditors' report, because the adverse consequences of doing so would reasonably be expected to outweigh the public interest.

# **Independent Auditors' Report**

To the Board of Directors of YungShin Global Holding Corporation:

### **Opinion**

We have audited the financial statements of YungShin Global Holding Corporation ("the Corporation"), which comprise the balance sheets as of December 31, 2024 and 2023, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the years ended December 31, 2024 and 2023, and notes to the financial statements, including a summary of significant accounting policies. In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Corporation as at December 31, 2024 and 2023, and its financial performance and its cash flows for the years the ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IASs"), interpretations as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China.

### **Basis for Opinion**

We conducted our audit in accordance with the Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Corporation in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matters to be communicated in the audit report are as follows:

### **Equity Method Investments Evaluation**

Please refer to Note 4(7), Note 4(8), and Note 6(4) of the financial statements for detailed disclosures regarding the evaluation of equity method investments.

### Explanation of Key Audit Matters:

The Corporation primarily engages in general investment activities, with the amount of equity method investments totaling NT\$7,467,591 thousand, accounting for 87% of the Corporation's total assets. Therefore, the equity method investments are identified as matters requiring significant attention in the auditor's examination.

### Audit procedures performed in response:

The principal audit procedures performed by the auditor for the aforementioned key audit matters include issuing instructions to other component auditors, communicating with the component auditors, obtaining the financial reports of the component entities, verifying the accuracy of the recognition amount and attribution period of equity method investments, and assessing the adequacy of disclosures made by management regarding equity method investments.

#### **Other Matters**

Additionally, in the financial statements mentioned above, the financial statements of certain companies, which are accounted for using the equity method, have not been audited by the Corporation's auditor but by other auditors. Therefore, the amounts presented in the financial statements of the aforementioned companies in the financial statements audited by the Corporation's auditor are based on the audit reports of other auditors. As of December 31, 2024 and December 31, 2023, the balance of equity method investments in the aforementioned companies amounted to NT\$777,475 thousand and NT\$794,540 thousand, respectively, accounting for 9.01% and 10.27% of the total assets of the Corporation. The share of profit or loss from equity method investees recognized for the periods from January 1, 2024, to December 31, 2024, and January 1, 2023, to December 31, 2023, amounted to NT\$209,066 thousand and NT\$75,283 thousand, respectively, representing 16.94% and 8.58% of the profit before tax.

### Responsibilities of Management and Governing Bodies for the Financial Statements

Management is responsible for the preparation and fair representation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for maintaining such internal procedures as it deems necessary for the preparation thereof, to ensure the financial statements are free of material misrepresentation, whether due to fraud or mistake.

In preparing the financial statements, management is responsible for assessing the Corporation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Corporation or to cease operations, or has no realistic alternative but to do so.

The governing bodies of the Corporation, including the Audit Committee, are responsible for overseeing its financial reporting process.

### Auditors' Responsibilities for the Audit of the Financial Statements

The objectives of our audit of the financial statements are to obtain reasonable assurance whether the financial statements as a whole are free of material misrepresentation, whether due to fraud or mistake, and to issue a report on our findings and opinions. Reasonable assurance denotes a high level of certainty but is not a guarantee that an audit conducted according to the Standards on Auditing of the Republic of China will always detect a material misrepresentation when it exists in the financial statements. Misstatements may arise from fraud or mistake. Which are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We exercised professional judgment and maintained professional skepticism in conducting the audit pursuant to the Standards on Auditing of the Republic of China. In addition, we:

- 1. Identified and assessed potential material misrepresentations in the financial statements, whether due to fraud or mistake; planned and executed responsive procedures to the potential thus identified; and obtain valid and sufficient evidence to form the bases for our opinion. Because fraud involves conspiracy, forgery, intentional omissions, deceitful representation, and/or matters beyond internal control, the probability of failing to identify a material misrepresentation as a result of fraud is higher than that as a result of mistake.
- 2. Attained an adequate understanding of the internal procedures that had bearings on the audit in planning for such audit procedures suitable for the circumstances, although the purpose was not to express any opinions concerning the efficacy of said internal procedures.
- 3. Evaluated the adequacy of the accounting policies and the reasonableness of the accounting estimates and relevant disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we believed such material uncertainty existed, we were required in the auditors' report to draw the attention of the users of the financial statements to the relevant disclosures made therein, or, in the case that the disclosures were deemed inadequate, to amend our opinion. Our conclusions are based on evidence obtained in the course of the audit up to the date of this auditors' report. Future events or conditions might nevertheless affect the ability of the Corporation to continue as a going concern.
- 5. Evaluated the overall presentation, structure and content of the financial statements, including the notes, and whether the financial statements fairly represent the underlying transactions and matters.
- 6. Expressed our opinion concerning the financial statements upon obtaining adequate and sufficient audit evidence on the financial status of the investees in investments accounted for using the equity method. We were responsible for the direction, supervision and execution of the audit activities and for deriving an opinion therefrom about the Corporation.

Matters we discussed with the governing bodies include planned scope and timing of the audit and important audit findings, including significant deficiencies in the internal procedures identified during the course of the audit.

We also provided the governing bodies with a statement that we the practitioners at KPMG who are subject to the standards of independence have complied with The Norm of Professional Ethics for Certified Public Accountants of the Republic of China regarding independence, and communicated to the governing bodies all the relationships and other matters that might be deemed to affect the independence of the auditors, including relevant safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current year of 2024 and are therefore the key audit matters. We discuss these matters in the auditors' report unless disclosure of the matters is forbidden by law or regulations or when, in extremely rare circumstances, we determined that a matter should not be discussed in our audit report, because the adverse consequences of doing so would reasonably be expected to outweigh the public interest.

- II. Actions to be taken if the video conference platform or participation in the video conference meeting is obstructed due to natural disasters, emergencies, or other force majeure events, including, but not limited to:
  - (I) To what time the meeting is postponed or from what time the meeting will reconvene if the above obstruction continues and cannot be removed, and, if applicable, the date to which the meeting is postponed or on which the meeting will reconvene.
  - (II) Shareholders who did not register to attend the original shareholders' meeting by video conferencing may not attend the postponed or reconvened meeting.
  - (III) When the Corporation holds a hybrid shareholders' meeting, in the event that the meeting cannot be reconvened through video conferencing, after deducting the number of shares represented by the shareholders attending through video conferencing, if the total number of the remaining shares meets the minimum legal amount of meeting participants, the shareholders' meeting shall continue. For the shareholders attending through video conferencing, their shares shall be counted toward the total number of shares represented by the shareholders present at the meeting; however, they shall be considered abstained in all proposals of that meeting.
  - (IV) The procedures for when the resolutions of all proposals have been announced, and no extempore motion has been made.
- III. When holding a shareholders' meeting through video conferencing, the Corporation shall specify the provisions of adequate alternative measures for shareholders who have difficulties attending the shareholders' meeting through video conferencing.
- Article 7. (The chair and non-voting participants of a shareholders meeting)

If a shareholders meeting is convened by the Board of Directors, the meeting shall be chaired by the chairperson of the board. When the chairperson of the board is on leave or for any reason unable to exercise the powers of the chairperson, the vice chairperson shall act in place of the chairperson; if there is no vice chairperson or the vice chairperson also is on leave or for any reason unable to exercise the powers of the vice chairperson, the chairperson shall appoint one of the managing directors to act as chair, or, if there are no managing directors, one of the directors shall be appointed to act as chair.

Where the chairperson does not make such a designation, the managing directors or the directors shall select from among themselves one person to serve as chair. When a managing director or a director serves as chair, as referred to in the preceding paragraph, the managing director or director shall be one who has held that position for six months or more and who understands the financial and business conditions of the Corporation. The same shall be true for a representative of a juristic person director that serves as chair.

It is advisable that shareholders meetings convened by the Board of Directors be chaired by the chairperson of the board in person and attended by a majority of the directors in person, and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes.

If a shareholders meeting is convened by a party with the power to convene but other than the Board of Directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

This Corporation may appoint its attorneys, certified public accountants, or related people retained by it to attend a shareholders meeting in a non-voting capacity.

#### Article 8. (Documentation of a shareholders meeting by audio or video)

The Corporation shall make a video of the shareholder attendance registration process and an uninterrupted audio and video recording of the proceedings of the shareholders' meeting as well as the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

When holding the shareholders' meeting through video conferencing, the Corporation shall keep records of shareholders' enrollment, registration, attendance, questions asked, votes cast and voting results and also make an uninterrupted audio and video recording of the proceedings of any shareholders' meeting held through video conferencing.

The information as well as the audio and video recording mentioned in the preceding paragraph shall be properly preserved by the Corporation, and the audio and video recording shall be submitted to the personnel in charge of video conferencing on behalf of the Corporation for safekeeping.

#### Article 9. (The standard of calling the meeting)

Attendance at shareholders' meetings shall be calculated based on the numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book or the sign-in cards handed in and the number of shares registered at the video conferencing platform plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time and disclose information concerning the number of nonvoting shares and number of shares represented by shareholders attending the meeting.

However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chairman shall declare the meeting adjourned. When holding the shareholders' meeting through video conferencing, the Corporation shall also declare the meeting adjourned on the video conferencing platform for the shareholders' meeting.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Paragraph 1 of Article 175 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders' meeting shall be convened within 1 month. When the Corporation holds a shareholders' meeting through video conferencing, shareholders intending to attend the meeting through video conferencing shall re-register with the Corporation in accordance with Article 6.

When, prior to the conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

#### Article 10. (Discussion of proposals)

If a shareholders meeting is convened by the Board of Directors, the meeting agenda shall be set by the Board of Directors. Votes shall be cast on each separate proposal on the agenda (including extraordinary motions and amendments to the original proposals set out on the agenda). The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the Board of Directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the Board of Directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed, call for a vote, and schedule sufficient time for voting.

#### Article 11. (Shareholder speech)

Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor; the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders meeting, only one of the representatives appointed may speak on the same proposal.

After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

When the Corporation holds a shareholders' meeting through video conferencing, the shareholders attending through video conferencing may ask questions by text on the video conferencing platform for the shareholders' meeting from the time the meeting is commenced by the chair until the meeting is adjourned, subject to a limit of two questions per motion of 200 words each, provided that the provisions in Paragraph I to V do not apply.

If the aforementioned question does not violate the regulations or is within the scope of the motion, it is appropriate to disclose the question on the video conferencing platform of the shareholders' meeting for public information.

#### Article 12. (Calculation of voting shares and recusal system)

Voting at a shareholders meeting shall be calculated based on the number of shares.

With respect to resolutions of shareholders meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of shares issued.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of this Corporation, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed three percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

## Article 13. (The method of exercising of voting rights)

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.

When this Corporation holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that this Corporation avoid the submission of extraordinary motions and amendments to original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to the Company before two days before the date of the shareholders' meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail. This does not apply if a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders' meeting in person or through video conferencing, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the Corporation, by the same means by which the voting rights were exercised, 2 days before the date of the shareholders' meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in this Corporation's articles of incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of this Corporation.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When the Corporation holds a shareholders' meeting through video conferencing, shareholders attended by video conferencing should vote on each motion and election motion through the video conferencing platform from the time the meeting is commenced by the chair and should complete the voting before the end of the voting is announced by the chair; if the vote was made overdue, then it shall be deemed as they waived their rights.

When the Corporation holds a shareholders' meeting through video conferencing, the counting operation must be a one-time count after the end of voting is announced by the chair, and then the chair shall announce the results of voting and election.

If a shareholder who registered to attend the video-assisted shareholders' meeting through video conferencing in accordance with the provisions in Article 6 intends to attend a physical shareholders' meeting, he or she shall exercise a declaration of intent to retract the registration with the same method as the registration was made 2 days prior to the day of the shareholders' meeting; if the declaration of intent to retract was made overdue, then he or she may only attend the shareholders' meeting by video conferencing.

If a shareholder exercises his or her voting rights by correspondence or electronically and does not retract his or her intent and attends the shareholders' meeting by video conferencing, he or she may not exercise his or her voting rights on the original motion or propose amendments to the original motion or exercise his or her voting rights on amendments to the original motion, except for a temporary motion.

#### Article 14. (Election of directors)

The election of directors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by this Corporation, and the voting results shall be announced on-site immediately, including the names of those elected as directors and the numbers of votes with which they were elected.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

#### Article 15. (Meeting minutes)

Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

This Corporation may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors. The minutes shall be retained for the duration of the existence of this Corporation.

Where a video conference shareholders' meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders' meeting, how the meeting is convened, the name of the chairperson and secretary, as well as the actions to be taken in the event of interruptions to the video conference platform or participation due to natural disasters, emergencies, or other force majeure circumstances shall also be included in the minutes.

When holding a shareholders' meeting through video conferencing, this Corporation shall handle relevant matters in accordance with the preceding provisions and specify in the meeting minutes the provisions of the alternative measures to shareholders having difficulties attending the shareholders' meeting through video conferencing.

#### Article 16. (Public disclosure)

On the day of a shareholders meeting, the Corporation shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by the proxies, and the number of shares attended by correspondence or electronically, and shall make an express disclosure of the same at the place of the shareholders meeting; when holding a shareholders' meeting through video conferencing, the Corporation shall upload the aforementioned information to the video conferencing platform for the shareholders' meeting at least 30 minutes prior to the time the meeting commences and continue to disclose it until the meeting ends.

When holding a shareholders' meeting through video conferencing, the Corporation shall disclose the total number of shares in attendance on the video conferencing platform from the time the meeting commences by the chair. The same applies to the statistics on the total number of shares in attendance and number of votes during the meeting.

#### Article 17. (Maintaining order at the meeting place)

Staff handling administrative affairs of a shareholders meeting shall wear identification cards or armbands.

The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband.

At the place of a shareholders meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by this Corporation, the chair may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18. (Recess and resumption of a shareholders meeting)

When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders' meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholder meeting to defer or resume the meeting within five days in accordance with Article 182 of the Company Act.

- Article 19. (Disclosure of information during the video conference)
  - When holding the shareholders' meeting through video conferencing, the Corporation shall disclose the results of voting for each proposal and the election immediately after voting ends in accordance with the provisions and continue to disclose such information for at least 15 minutes after the meeting is adjourned by the chair.
- Article 20. (The location of the shareholders' meeting chair and the person recording the meeting minutes) When holding the shareholders' meeting through video conferencing, the Corporation shall disclose the results of voting for each proposal and the election immediately after voting ends in accordance with the provisions and continue to disclose such information for at least 15 minutes after the meeting is adjourned by the chair.
- Article 21. (Handling communication barriers and digital divide among shareholders)

Where the shareholders' meeting is held through video conferencing, when declaring the meeting open, the chairperson shall also declare, unless under circumstances where a meeting is not required to be postponed to or resumed at another time according to Paragraph 4 of Article 44-20 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the video conference platform or participation is obstructed due to natural disasters, emergencies, or other force majeure circumstances before the chairperson declares the meeting adjourned, and the obstruction continues for more than 30 minutes, the meeting shall be postponed to or reconvened on another date within five days, in which case Article 182 of the Company Act shall not apply.

In the event that the meeting shall be postponed or reconvened due to circumstances described in the preceding paragraph, shareholders who did not register to attend the original shareholders' meeting by video conferencing may not attend the postponed or reconvened meeting.

In the event that the Corporation shall postpone or reconvene the meeting in accordance with Paragraph II, for shareholders who registered to attend the original shareholders' meeting by video conferencing and whose attendance registration was accepted but did not attend the postponed or reconvened meeting, the number of their shares, votes they exercised, and votes they received shall be counted toward the total number of shares in attendance, exercised votes, and number of votes at the postponed or reconvened meeting.

In the event that the Corporation postponed or reconvened the meeting in accordance with the provisions in Paragraph II, the Corporation does not need to re-discuss or re-resolve the proposals with completed votes casting and counting and announced results of the voting, or elected list of directors and supervisors.

When the Corporation holds a hybrid shareholders' meeting, and the video conference meeting cannot continue due to circumstances described in Paragraph II, if the total number of shares represented at the meeting after deducting those represented by the shareholders attending through video conferencing still meets the minimum legal requirement for a shareholders' meeting, then the meeting shall continue without the need to postpone or reconvene in accordance with Paragraph II.

In the event that the meeting shall continue under the circumstances described in the preceding paragraph, for shareholders attending the shareholders' meeting by video conferencing, the number of their shares shall be counted toward the total number of shares in attendance; however, they shall be considered abstained in all proposals of that meeting.

When postponing or resuming a meeting according to Paragraph II, the Corporation shall handle the preparatory work based on the date of the original shareholders' meeting in accordance with the requirements listed under Paragraph 7 of Article 44-20 of the Regulations Governing the Administration of Shareholder Services of Public Companies.

The Corporation shall hold the postponed or reconvened shareholders' meeting in accordance with the provisions in Paragraph 2 on the dates within the period specified in the second half of Article 12 and Paragraph 3 of Article 13 of the Regulations Governing the Use of Proxies for Attendance at Shareholder Meetings of Public Companies as well as Paragraph 2 of Article 44-5, Article 44-15, and Paragraph 1 of Article 44-17 of the Regulations Governing the Administration of Shareholder Services of Public Companies.
